

REQUEST FOR PROPOSAL (RFP)

Supply, Implementation and Maintenance of an Enterprise Document Management System

Sample Tender ID: GOV/IT/2026/047

Issuing Authority: National Digital Services Authority (NDSA)

Issue Date: 15 September 2026

Submission Deadline: 30 October 2026, 17:00 IST

Estimated Contract Value: INR 2,50,00,000

Important Notice

This document is a fictional synthetic tender created solely for software development and testing of a Tender/RFQ Intelligence Platform. It is not an official government procurement document and must not be used for an actual bid.

1. Background

The National Digital Services Authority intends to procure an enterprise document management system for digitising, indexing, searching and securely managing administrative records across multiple departments. The selected bidder will be responsible for implementation, data migration, integration, training, support and maintenance.

2. Scope of Work

- Design and implement a secure web-based document management platform.
- Provide role-based access control for administrators, department users and auditors.
- Migrate up to 5 million existing digital documents.
- Provide full-text and metadata-based search.
- Provide REST APIs for integration with existing government systems.
- Implement audit logging for document creation, modification, download and deletion.
- Provide training for up to 150 users.
- Provide implementation support and annual maintenance for three years.

3. Mandatory Eligibility Requirements

ID	Requirement	Mandatory
EL-01	Bidder must be a company legally registered in India.	Yes
EL-02	Bidder must have been operational for at least 5 years.	Yes
EL-03	Average annual turnover during the last three financial years must be at least INR 10 crore.	Yes
EL-04	Bidder must have successfully completed at least 3 enterprise software projects of similar nature.	Yes
EL-05	At least one similar project must have been delivered for a government or public-sector organisation.	Yes
EL-06	Bidder must not be blacklisted by any central or state government authority.	Yes

4. Technical Requirements

ID	Requirement
TR-01	Application must support PostgreSQL or another enterprise-grade relational database.
TR-02	Application must expose RESTful APIs using HTTPS.
TR-03	System must support role-based access control.
TR-04	System must maintain immutable audit logs for security-sensitive actions.
TR-05	System must support document formats including PDF, DOCX, XLSX and JPG.
TR-06	Search response time should be less than 3 seconds for normal queries.
TR-07	The proposed solution must support deployment on Linux-based servers.
TR-08	System must provide automated daily database backups.

5. Financial Requirements

- Earnest Money Deposit (EMD): INR 5,00,000.
- Performance Security: 5% of the awarded contract value.
- Quoted prices must include applicable implementation, training and support costs.
- Prices must remain valid for at least 180 days from the submission deadline.

6. Required Bid Documents

Document	Required
Certificate of Incorporation / Registration	Yes
PAN and GST registration certificates	Yes
Audited financial statements for the last 3 financial years	Yes
Turnover certificate from a statutory auditor	Yes
Details of 3 similar completed projects	Yes
Government/public-sector project completion certificate	Yes
Declaration of non-blacklisting	Yes
Technical proposal	Yes
Commercial proposal	Yes

7. Evaluation Criteria

Criterion	Weight
Technical approach and solution architecture	30%
Relevant experience and past projects	20%
Team qualifications	10%
Implementation methodology	10%
Commercial proposal	30%

8. Delivery Timeline

Milestone	Target
Contract award	15 November 2026
Project kickoff	01 December 2026
Initial implementation	Within 90 days of kickoff
User acceptance testing	Within 120 days of kickoff
Production deployment	Within 150 days of kickoff

9. Service Level Requirements

- Critical incidents must receive an initial response within 1 hour.
- High-priority incidents must receive an initial response within 4 hours.
- Monthly system availability target is 99.5%, excluding scheduled maintenance.
- Security vulnerabilities classified as critical must be remediated within 72 hours.

10. Submission Instructions

The bidder shall submit the technical and commercial proposals separately. All mandatory eligibility documents must be included. Incomplete submissions may be rejected. Clarification requests must be submitted at least seven calendar days before the submission deadline.

11. Key Facts for Testing

Field	Value
Tender ID	GOV/IT/2026/047
Contract Value	INR 2,50,00,000
Minimum Turnover	INR 10 crore average annual turnover
Minimum Experience	5 years
Similar Projects	At least 3
Government Project	At least 1
EMD	INR 5,00,000
Performance Security	5%
Submission Deadline	30 October 2026, 17:00 IST
